

EXHIBIT 1

Flash Forward to March 7th 2012, this was the Day that Torkon Tom Attorney David Aman, for the Plaintiff in attempting to execute on a \$2.5 Million Dollar Judgement Signed a Subpoena to Marc Randazza. On March 8th as my own Attorney, in my Pro Se Capacity I get an Email with a Copy of the [Marc Randazza Deposition Subpoena](#).

After this, the Use of MarcRandazza.com took a Turn.

Ok so on March 10th, 2012 I am pissed off and want to Expose Marc Randazza before his deposition to "Frame ME", so I buy [FuckMarcRandazza.com](#) - [MarcRandazzaSucks.com](#) ... and I publicize these names best I can, he knows they went up, I saw him on my Statcounter.

Ok so then on **March 12th** I buy more domain names to keep building blogs on, such as [MarcJRandazza.com](#) and [Marc John Randazza .com](#) ..

So at this point I Got notably into the Search Engines with my story about my experience with Marc Randazza First Amendment Attorney.

Subject: Ok

"Ok, you made your point. So what do you want? "

I Did NOT Respond to this obvious set up.

Ok, so at this point I am really PISSED off and offended, as Marc Randazza was planning on giving a Deposition and I assumed emailed me this to set me up for Extortion, so On the 13th of March, 2012 I researched Deeper into the Marc Randazza - Sandra Fluke - Rush Limbaugh Scandal.
